## Profile

I am a versatile and passionate Full Stack Developer with expertise in both front-end and back-end technologies. On the front-end, I excel in creating captivating user interfaces using HTML, CSS, and JavaScript, ensuring seamless user experiences across different devices. In the back-end realm, I am proficient in Python and have extensive experience working with the Django framework to develop robust and scalable web applications. With a keen eye for detail and a commitment to delivering high-quality code, I thrive in collaborative environments and am always eager to learn and adapt to new technologies and industry best practices.
